

## HINO Automotive Cable

HINO automotive cables are constituted by inner conduits, steel wires, PVC tubes, rubber, zinc part, nuts, etc. Like the cables for trucks, agricultural vehicles, engineering vehicles and many other machineries, the HINO cables are used as control wires for brake, clutch, throttle, etc.

### Our Cable Products

1. Marine Cable
2. Engineering Machinery Cables
3. Agricultural Vehicles Cables
4. Motorcycle Control Cables
5. Passenger Bus Control Cables
6. TOYOTA Automotive Cable
7. MAZDA Automotive Cable
8. HINO Automotive Cable
9. LADA Automotive Cable

We specialize in the manufacture of diverse range of automotive/auto control cables. These products are mainly used for transmission of mechanical energy.

We manufacture a wide range of speedo/tacho cables for any make or model of car. If you require a bespoke design for the speedo cable, give us the technical specifications and we will manufacture and dispatch your custom speedo cable as soon as possible. If you are not sure what kind of cable you need, give us a call and we will be happy to help you.
