

TOYOTA Automotive Cable

Apart from cables for homemade trucks, engineering machinery and farm vehicles, we also supply dedicated TOYOTA automotive cables. Our automotive wire products mainly are brake cables, throttle cables, gear shift cables, push pull cables, speedometer cables, and so on. These products have been sold to South America, Middle East, South Eastern Asia, Africa and many other areas around the world. Due to high flexibility and compressive property, our cables are highly praised of by clients.

Product Range

1. Speedometer Cable for Automotive Cables
2. Special Rust Proof Cables for Steamers and Boats
3. Push Pull Cable for Agricultural Vehicles
4. Transmission Shift Cables for Engineering Machinery
5. Cables for Major Brands in Cars like TOYOTA , MAZDA, HINO, LADA, ETC.

As specialist control cable manufacturer for TOYOTA motorcycle and many other brand-name cars, we offer wide range of cable products to meet different requirements from clients. Besides, we can manufacture specific products according to drawings and samples provided by clients.

We manufacture a wide range of speedo/tacho cables for any make or model of car. If you require a bespoke design for the speedo cable, give us the technical specifications and we will manufacture and dispatch your custom speedo cable as soon as possible. If you are not sure what kind of cable you need, give us a call and we will be happy to help you.
