

TOYOTA Speedo Meter Cable

TOYOTA speedo meter cables offered by us are made of high carbon steel, green HDPE, green PVC, zinc alloy parts and EPDM (Ethylene-Propylene-Diene Monomer). It is in silver grey and suitable for not only TOYOTA, but also many other similar vehicles. As a speedo meter is a gauge that measures and displays the instantaneous vehicle speed, it is very important to fulfill strict safety standards. So, we set up a laboratory dedicated for cable life test, pull-out force test, salt spray test and other performance inspections. To meet wide requirements from clients, we offer customization service. With given drawings or samples, we can re-manufacture the same products as you want.

Our company is specialized in producing various automotive and marine control cables, including TOYOTA cables, DFM control cables, Yuejin control wires, etc. They are widely sold all around the world and win good reputation because of long service time and high flexibility. If you are interested in our TOYOTA speedo meter cables and other minicar cables, please call us.

We manufacture a wide range of speedo/tacho cables for any make or model of car. If you require a bespoke design for the speedo cable, give us the technical specifications and we will manufacture and dispatch your custom speedo cable as soon as possible. If you are not sure what kind of cable you need, give us a call and we will be happy to help you.
